17. Describe any increase or decrease in income reasonably anticipated to occur within the year following the filing of this document:

None. The Debtors adult children live with her and are independent to varying degrees. One just graduated from college and is job hunting. Another has a small child and is looking for a job, and one is beginning law school in the fall of 2013 and will likely stay at home. They contribute to the household when possible, but their contributions are not consistent. Other than providing food and shelter, the Debtor does not provide for other financial needs.
